	symbol		
model identification	**9E3LC**		Unit of measure
Oven type	ELECTRICAL RECESSED OVEN 300 ° C		
Appliance mass	M	64,0	Kg
Number of cavities		1	N°
Heat source of each cavity		electric	
Volume of each cavity	V	110	l
Power consumption in conventional mode	EC electric cavity	0,87	kWh/cycle
Power consumption in forced air circulation mode	EC electric cavity	1,30	kWh/ciclo
Energy efficiency index in conventional mode	EEI cavity	86,0	
Energy efficiency index in forced air circulation mode	EEI cavity	128,0
