| | symbol | | |
|---|---|---|---|
| model identification | **6E3LC** | | Unit of measure |
| Oven type | ELECTRICAL RECESSED OVEN 320 ° C | | |
| Appliance mass | M | 42,0 | Kg |
| Number of cavities | | 1 | N° |
| Heat source of each cavity | | electric | |
| Volume of each cavity | V | 65 | l |
| Power consumption in conventional mode | EC electric cavity | 0,91 | kWh/cycle |
| Power consumption in forced air circulation mode | EC electric cavity | 0,62 | kWh/cycle |
| Energy efficiency index in conventional mode | EEI cavity | 110,7 | |
| Energy efficiency index in forced air circulation mode | EEI cavity | 74,8 | |
